### Closing the General Ledger

At the end of each fiscal year, the books (General Ledger) of the LEA are "closed." Closing the books is the accounting process in which the accounts are adjusted to reflect the most current balances, and the budgetary and operating accounts of the LEA are closed. Closing the books separates the financial transactions by year and measures the results of operations of a fund for the year. The closing process is accomplished through adjustments of prior years' accruals, the current year's accruals, and closing entries.

#### **Adjustments of Prior Years' Accruals**

It may be necessary to adjust the prior year's accruals because the amounts actually received (A/R) or paid (A/P) were greater or less than the amounts which had been accrued or because of changes resulting from information available at a later date. Adjustments should be charged to *current year's revenue and expenditure accounts and not to the fund balance account.* 

For example, assume that the LEA overestimated its accounts receivable in the prior year by the following amounts:

| (1)   | (2)                      | (3)                      | (3-2))                     |
|---|--------------------------|--------------------------|----------------------------|
| Revenue source  | Prior year's<br>accrual  | Actual received          | Difference<br>(adjustment) |
| Voc. Ed. Handicapped Students (8418)<br>Job Training Partnership Act (8170) | \$20,000.00<br>15,000.00 | \$18,000.00<br>13,000.00 | -\$2,000.00<br>-2,000.00   |
| Total Adjustment  |                          |                          | -\$4,000.00                |

## **The Closing Entries**

The purposes of the closing entries are to (1) transfer the balances of the encumbrance (9830), revenue (9840) (and other sources [9845]), and expenditure (9850) (and other uses [9855]) accounts to the LEA's Undesignated/Unappropriated Fund Balance account (9790); and (2) close the LEA's Estimated Revenue (9810), Estimated Other Financing Sources (9815), Appropriations (9820), Estimated Other Financing Uses (9825), and Reserve for Encumbrances (9620) accounts.

The following closing entries will be necessary at the end of year:
